

## DBE NEWSLETTER

FOR THE JULY 15, 2016 NDDOT BID LETTING

### NOTICE

Starting immediately, Davis-Bacon certified payrolls on North Dakota DOT projects may be delivered to the Project Engineer. Payrolls not submitted through LCPTracker may now also be emailed to the Project Engineer, in pdf form. The pdf copy must be clear and legible and must be an accurate and complete copy of the certified payroll. It may contain either a true electronic signature or a photocopy of a wet signature. Contractors will receive the Project Engineer's email at Pre-Construction Conference. Please direct questions on this policy change to Gail Brown, NDDOT DBRA Wage Administrator, at (701) 328-2605.

## NEW DBE

**CD3 SERVICES**  
LLC

Business: CD3 Services LLC  
Owner: Rachelle Daniel  
Location: 608 State St.  
Rolette, ND 58366  
Phone: (701) 560-0101  
Fax: (701) 560-0116  
Email: [rachelled@cd3services.com](mailto:rachelled@cd3services.com)  
Website: [www.cd3services.com](http://www.cd3services.com)

### Description of Services:

- TRUCKING: Sand, Gravel, and Riprap

Rachelle has worked in the industry for many years for other contractors and companies so she has many contacts in the industry. It got to a point that she felt like she did not want to work for others any longer and she was up for a challenge. Rachelle started CD3 Services in 2015 specializing in trucking, but the business is an A General Contractor and looks to expand into other areas as they grow. CD3 Services, LLC has become a newly certified North Dakota DBE.

As in any profession there are challenges and benefits. Being the one responsible for supplying the services that a customer needs in an expedient and professional manor is an honor. She prides her company on supplying extraordinary service in an industry that good service can sometimes be lost.

Providing extraordinary service is at times the greatest obstacle. Due to the nature of the industry in North Dakota with the seasonal aspects of the jobs. Managing Customer needs through the sheer volume spikes for the need of trucking is our greatest obstacle. CD3 over comes this obstacle by maintaining a presence on each project working with the customers and employees to work through any issues that may arrive and maintain a positive work environment for all involved.

CD3's most interesting job is Ward County Rd 10 – trying to provide the correct trucks that would allow them to meet the needs of the customer and not have issues of being overweight on the lower weight limited county roads.

Rachelle was asked what's in the future for CD3 Services, and she states, "Growth achieved by the persistence and hard work by everyone involved in the business. Without my employees the past, present nor future would be possible."

## NEW DBE

**Business:** In Situ Archaeological Consulting, LLC  
**Owner:** Abraham Ledezma, Craig Picka & Daniel Salas  
**Location:** 2225 Manuela Drive  
Chaska, MN 55318  
**Phone:** (952) 658-8891  
**Email:** [aledezma@insitucrm.com](mailto:aledezma@insitucrm.com)  
**Website:** [www.insitucrm.com](http://www.insitucrm.com)

### Description of Services:

- **CONSULTANT:** Archaeological Research, Site Delineation and Evaluation, Geophysical Survey, Cultural/Historical Preservation, Cultural Resource Management 106 Compliance.

Abraham Ledezma, Craig Picka, and Daniel Salas started In Situ Archaeological Consulting, LLC in 2015 and has become a newly certified North Dakota DBE. All three owners have always discussed the idea of starting a company in their home state of Minnesota since they were undergraduate students at Minnesota State University Moorhead. After individually gaining archaeological experience in various positions and companies across the country, Abraham, Craig, and Daniel came back together and made the idea a reality.

As archaeological consultants, we mainly deal with Cultural Resource Management (CRM). The purpose of CRM and Section 106 of the National Historic Preservation Act (NHPA) is to determine if an archaeological/architectural/cultural site is eligible for the National Register of Historic Places (NRHP). If a site is deemed eligible, then steps and processes will be taken to help preserve and protect the resource. CRM helps to protect properties of important cultural heritage for current and future generations. Archaeological consulting helps our communities progress towards the future while maintaining and preserving our cultural heritage.

Our mission is to provide our clients with quality archaeological consultation to facilitate success in their undertakings. We are qualified to lead and conduct archaeological investigations in several states, including Minnesota, North Dakota, South Dakota, Iowa, Indiana, Ohio and Wisconsin. Our staff has knowledge and experience in cultural resource management within various markets and sectors to help ensure your projects are compliant and successful. All staff members are Masters-level archaeologists who meet the requirements for the Secretary of the Interior's Guidelines for Professional Qualifications in Archaeology and are permitted to conduct archaeological investigations. Collectively, our staff has completed over 350 projects ranging from small facilities and well pads to large multi-state linear surveys

In Situ Archaeological Consulting, LLC is currently working on industrial Certified Sites that provide suitable development-ready site locations for companies looking to build new facilities. In the coming years, In Situ would like to establish itself as a successful and reputable company that will continue to provide quality archaeological consultation to facilitate success in various undertakings.

## NEW DBE

**Business:** 24-7 Consulting, LLC  
**Owner:** Mellisa McColley
